

TM35

PowerMulcher Series Straw Blower

The Epic TM35 PowerMulcher will rival the output of larger machines with rated bale capacity for up to seven tons of hay or straw per hour and direct discharge of up to 65 feet. This rugged, high performance machine features a improved mulch separation and high productivity rates. Two to three acres or more can be mulched in an hour or less. With optional accessories this machine can be used year round for leaves and light debris cleanup and placement of other landscape materials. For years of dependability, demand Epic PowerMulching machinery!
